ACKNOWLEDGMENTS

There are to many individuals to thank that have helped me through out the years of my Edwards research. What I have decided to do is to give credit to the people which have helped me to the degree which has sent me to higher mountains in the research of our branch of the Edwards Family.

I started my Edwards Family research over 8 years ago once my father Johnny Leroy Edwards became sick. I for the most part did this for my father for different reasons.

I of course started my research by what I had by talking to family members. From the information which I had gathered I had enough information which sent me to Iowa to try to find my Great Grandfather James Philando Edwards. With the use of the LDS Family History Library I had found a submission from a lady by the name Mary Catherine Key Edwards which had the first branch of Edwards ancestry for me and my research. Mary Catherine Key Edwards was the wife to the brother of my grandfather James Dale Edwards. Unfortunately for me by the time I had found the submission of this nice lady she had already passed away. Fortunately for me and my research I had enough information from the submitted information from Mary Catherine Key Edwards to take me to the next step in my research. With much thanks to Mary Catherine Key Edwards for all of her hard work in documenting her families ancestry.

I had no problem what so ever finding my ancestors up to my third great grandfather Owen Edwards b.1806. After Owen Edwards b.1806 I had a PROBLEM.

I was in the middle of doing many months of research trying to find any lead which could send me to another generation, the father of Owen Edwards b.1806 was to me not reachable, until I had found a submission by a man named William L. Edwards(un-related) of Utah which for a hobby submitted family information to the LDS Family History Library. With the submissions of William L. Edwards I went to the next level of my ancestral research. William L. Edwards subscribed to a series of journals by the name of "THE EDWARDS JOURNAL". With the kind help of William L. Edwards I received the copies of The Edwards Journal which in turn I found the submission of Kathleen Wilham.

Kathleen Wilham had received several copies of photographs of The Edwards Bible which now is known to be owned by Mars Hill College, Mars Hill N.C.. This submission documented the descendants of Abel Edwards and Polly Potts. One of the children of Abel Edwards and Polly Potts named Joshua Edwards b.1781 had a child by the name of Owen Edwards b.1806. Through different avenues of research I proved the tie of lineage between Owen Edwards and Joshua Edwards which to this day I am very proud of. Thank you Mr. William L. Edwards and Kathleen Wilham for their submissions to the above mentioned sources, without you I would have not been able to start my in-depth research of my ancestral Edwards line.

There are a few people, cousins out there that helped me understand the Edwards history. Specifically the dates of migration of our ancestors. Karl Seitz of Alabama helped me with the dates which Abel Edwards and Polly Potts left Virginia in the 1780's,

because of his help the original deeds were found and are of great historical significance to our Edwards history.

Mr. Seth Lippard of Pennsylvania helped me with the Edwards Bible which was at one time owned by Amanda Edwards Tilson which married Abraham Tilson. Amanda Edwards was the daughter of Abel Ervin Edwards b.10 Apr 1801. It is believed that Amanda Edwards and her descendants wrote the entries in the Edwards Family Bible which today is held within the Mars Hill College Appalachian Room in Mars Hill College. Mr. Lippard helped me with following the bible as it traveled through out the generations of this family to it's home of today.

Finally to all of the many cousins which have helped me with collecting all of the names which are within these pages. Many of you were the reasons why your family was documented, or because of you and your information which you were so kind in sharing with me I found lines and ancestry and descendancy of related Edwards families. There are to many of you to mention here, but your hard work in documenting your specific Edwards Family History helped greatly with the final version of this book.

I hope that you enjoy OUR EDWARDS FAMILY HISTORY!

Abel Edwards date and place of birth, death, and marriage as of date of publishing is unproven.

*This is my fourth great grandfather

The time line Below is all of the known sources of Abel Edwards which I have either compiled or collected through out the years, none of what is stated here is speculation on my part, there might be some on the submitters part, but what I have included is all of the known sources at this time of Abel Edwards and Polly Potts. Also what should be said before I start the first time line is that most of these records were submitted from distant cousins and my reasoning for putting all of these sources down is to show the migration of Abel Edwards and also to show some of the differences with in the family concerning dates and places of birth, marriage, and death. One should also understand that the submitters in most cases have put many hours of work into what they have submitted, again with Abel Edwards there is not much to go on and this is how we start to figure all of this muddied water out. Take all of these records as they say with a grain of salt and with Abel Edwards unfortunately not much can be proven, all we can do is compare records and sources between researchers and try to find the truth. Within the time line I will be adding notes of thought and/or theory, and with the name of Abel Edwards during the time of 1780-ca.1830's with in our counties of Tennessee one should take note that Abel Edwards and Polly Potts had a son by the name of Abel Edwards who was born in 1783. One last note. You will notice throughout these time lines there are multiple mentions of a specific dated occurrence, this is because there was more than one source which stated the same event, I did this to show that there was more than one source with the same dated event.

(NOTE:The date of January 24, 1764 is substantiated by the {refer to pg. 129}Edwards Bible which is the most powerful research tool we have for our branch of the Edwards family. This date is a documented date given in the Edwards Bible and I consider it the only date to stand on for the marriage of Abel Edwards and Polly Potts. There are problems also:

Problem #1-The first child born to Abel Edwards and Polly Potts was John born in 1772. I question the fact that Abel and Polly waited 8 years to have a child after their marriage in 1764.

THEORY-I believe there is a possibility that Abel Edwards and Polly Potts were married later than 1764 because of the span of them with no children. It is possible that they did have children early in life and

they died because of a child disease or some other illness, this would explain the date of marriage of 1764, but with out that plausible situation considered I question the date of marriage and I consider the possibility that Abel Edwards and Polly Potts were married later than January 24, 1764.

(NOTE 1:This would be Abel Edwards who married Polly Potts)

(NOTE 2:This is a problem and curiosity to our Edwards research. A

problem because of the deed dated 1780 in

Sullivan County North Carolina which soon became Tennessee, which "an" Abel Edwards bought land from F.

Keiller. With "an" Abel Edwards purchasing land from F. Keiller in N.C./TN., and also "an" Abel Edwards

mentioned in a will in 1782 in Henry County Virginia, this poses a problem because how could one person be in two places at one time.

There are a couple of ways of taking this occurrence:

1. In 1780 "our" Abel Edwards could have bought land in the newly founded Sullivan County North Carolina and went back home to Virginia to live a couple of more years

because of probable family reasons, and then took the family to North Carolina, one should remember soon to be Tennessee.

2. The larger problem is what is harder to explain. In the entry for 1782 there is an Abel Edwards who was mentioned in a will in Henry County Virginia. Now one might think how is this a problem, well it is a problem for the reason of the will which this Abel Edwards is mentioned.

If this will was just a will which was done to distribute the estate of the person who wrote the will then that would be enough to explain Abel's arrival to Sullivan County NC/TN, in 1780 and the mention of an Abel Edwards in a will in 1782.

Instead the will's purpose was not to distribute the estate, but to have people inventory the estate and to do this I would think that all of the mentioned people in the will would need to be there, which our Abel Edwards was mentioned as one of the people held to account for the estate. There is a possibility that our Abel Edwards was not there and was in Sullivan County NC/TN, and because of his absence in Virginia he was excluded from this legality. There is also a possibility that the Abel Edwards mentioned was not our Abel Edwards, this I doubt because of no other Abel Edwards mentioned in either Henry/Franklin Counties Virginia or Sullivan County North Carolina/Tennessee All we know is what the sources tell us, and what the sources tell me as the researcher is that they cross each others lines of information.

BURIAL LOCATION

Abel Edwards and Polly Potts is believed to be buried in Sullivan County Tennessee, but there is also a possibility that they might be buried in Washington County Tennessee. This author believes that there are two places that could be the burial place for Abel and/or Polly Edwards.

The last known documented mention of Abel Edwards who married Polly Potts was in 1807 when Abel Edwards sold land to his son in law, Littleberry Sams. This land transaction was done in Sullivan County Tennessee. The estimated death year of Abel Edwards was mid 1830's to early 1840's. There can be found an "ABELL EDWARDS" mentioned in the Holston Baptist Church minutes(see source#4 chapter 8)as a member. This is possibly Abel Edwards who married Polly Potts, this would put Abel's death ca.1837.

The only child of Abel Edwards and Polly Potts who was still living in or around Sullivan County Tennessee was Joshua Edwards who was the pastor of the Holston Baptist Church. The "coincidence" of Joshua Edwards, son to Abel Edwards and Polly Potts being a pastor of the Holston Baptist Church and an "ABELL EDWARDS" being mentioned in the Holston Baptist Church Minutes could be considered more than just a coincidence.

North East of Bluff City Tennessee located in Sullivan County Tennessee is where Joshua Edwards, son to Abel Edwards and Polly Potts is buried in the Weaver Cemetery.{refer to pg.67-68} The Buffalo Ridge Cemetery is located near Elizabethton Tennessee in Washington County Tennessee, south of Sullivan County Tennessee. Buried in this cemetery is Samuel E. Edwards, son to Joshua Edwards which was the son to Abel Edwards and Polly Potts.

Taking in the assumption that Abel Edwards died between 1835-1845 there were few children of Abel Edwards and Polly Potts living in the area, most of their children left for other areas of the United States. The only child that stayed until his death in Sullivan County Tennessee was Joshua Edwards. I believe that Abel Edwards, and possibly his wife Polly Potts are buried in either the Weaver Cemetery in Sullivan County Tennessee, or the Buffalo Ridge Cemetery in Washington County Tennessee. There are two ways of

looking at where Abel Edwards and Polly Potts are buried. Abel and Polly Edwards moved out of the area of Sullivan County Tennessee to live with family members, which there are no documented account of this happening, or Abel Edwards and Polly Potts died in Sullivan County or a near by county.

With Abel Edwards and Polly Potts son Joshua Edwards living in Sullivan County I believe that Abel Edwards and or Polly Potts went to live with their son Joshua Edwards after selling the last bit of land in 1806. The "ABELL EDWARDS" mentioned in the Holston Baptist Church Minutes I believe very likely could be Abel Edwards who married Polly Potts. If this is the case then Abel Edwards and or Polly Potts would be buried in Sullivan County Tennessee, and probably close to family, which his family in the area would have been their son Joshua Edwards. There is a possibility that Abel Edwards and Polly Potts are buried in the Buffalo Ridge Cemetery located in Washington County Tennessee. Abel Edwards and Polly Potts Grandson Samuel E. Edwards and his family are buried in this cemetery in a family vault. This is a very old church cemetery and the location of where the Buffalo Ridge Church use to stand.

NOTE: 1807, December 29 Abel Edwards was living in Washington County Tennessee. This would substantiate him being in Washington County Tennessee possibly at the time of his death.

I personally believe that the Weaver Cemetery located north east of Bluff City, Sullivan County Tennessee to be the location of their burial. I went to the Weaver Cemetery to try to find the grave of my 4th great grandfather Joshua Edwards, son to Abel Edwards and Dolly Potts.

I new he was buried here because of his epitaph written in the {4}Holston Baptist Church Minutes. I couldn't find his grave among the extremely deteriorated grave stones, but I decided that the very old portion of the cemetery which had these deteriorated stones was the probable location of Joshua Edwards.

I took the time to view each and every one of the old headstones and I came across the headstone of a Amanda Edwards, wife of Owen Edwards, son to Joshua Edwards. What makes this such a substantial find is the fact that Amanda "Longacre" Edwards died early in her life, in 1844. My 3rd great grandfather Owen Edwards husband to Amanda Longacre Edwards decided to bury her in the Weaver Cemetery where his father was to be buried later in 1859 in the Weaver Cemetery.

I believe that Owen Edwards, son to Joshua Edwards, son to Abel Edwards and Polly Potts buried his wife in the Weaver Cemetery because that is where his grandparents Abel Edwards and Polly Potts were buried.

Our progenitor Abel Edwards is for the most part a hard person to research because of a few reasons.

Early records other than land records are hard to come by, we are lucky

we have the "Edwards Bible", with out this tool we wouldn't have any proof of this family what soever.

With land records and census records it is documented that Abel Edwards and family were in two different places around the time of 1780, Franklin County Virginia and Sullivan County North Carolina/Tennessee, and surrounding counties of North Carolina/Tennessee.

AUTHORS NOTE: At this time in history (1780), Tennessee wasn't in existence and Abel Edwards and family were living in the northern edge of North Carolina which later became a part of Tennessee.

Another reason for the difficulty in researching Abel Edwards is the possibility that pre-1780 Abel Edwards might have been going by a different given name, such as the popular names in the family, John, Thomas, Joshua. There is no proof to this speculation of mine, but with so many adaptations of the descendants of Abel and Polly Edwards that have been compiled and sent to me from different people long since passed away makes me at least want to acknowledge the possibility. Also with the documented placement of Abel Edwards in Virginia earlier than 1772 makes it very difficult to find him any farther back.

All there is to go by when performing research on a person is the records that are held by the city, county, state, and federal, and finally church records.

If this does not provide the necessary information than a researcher looks for information that might have been passed down from generation to generation in a family which would shed some light in the migration of the ancestors of Abel Edwards and Polly Potts. If neither one of these sheds the necessary light to trace Abel Edwards ancestors, one might say we are dead in the water.

This has in no way happened with the research on Abel Edwards and Polly Potts. The research is ongoing and may never be completed.

TRYING TO FIND THE ORIGINAL LAND OF ABEL EDWARDS AND POLLY POTTS

Not to long ago I wondered if it might be possible to find the original land that Abel Edwards and Polly Potts purchased, lived, and raised their family. Where it took me was not to where the land is today, but added more questions to the Edwards history relating to Abel Edwards and Polly Potts.

-Researching for the location of the original 260 acres of land once owned by Abel Edwards, bought on March 1780 from Frederick Keiller. In 1798 Abel Edwards sold 100 acres, 50 acres each to a Richard Glover, and a Thomas Jones. In 1807 Abel Edwards sold the rest of the original 260 acres, 160 acres to his son in law Littleberry Sams, husband to Nancy Edwards daughter to Abel Edwards and Polly Potts.

NOTE#1: After John R. Jones received land from Thomas Jones in 1844 could not find a John/John R./J.R. Jones through 1900 as selling land to anyone. The land might have been kept in family, or sold by family members in small acres. We will Probably never know. Also the land might have been willed, or another type of distribution of this land could have happened after 1844. Another possibility's the descendants of John R. Jones left the land and no one bought the land after they left.

NOTE#2: There is no mention of a Squire/or "S" Jones selling land, 50 acres through 1900. This person might have willed this land to his descendants or there was some other type of distribution of this 50 acres after Squire Jones sold it or willed it. Another possibility is that the descendants to Squire Jones just left the land and no one bought the land after they left.

-NOTE#3: There was allot of activity with deeds on February 21, 1825 in Sullivan co. Ten. There might be some correlation between the four (4) different deeds mentioned during this day. I believe that these deeds do have something in common with Littleberry Sams selling 31 acre parcels, which probably was the original land Abel Edwards purchased in 1780.
a. There were the following deeds signed on Feb. 21, 1825.

1. Obediah Sams 20 acres to John R. Glover
2. Obediah Sams 7 acres from A. Vancevender
 - a. see Note#7
3. Obediah Sams 29 1/4 acres from Littleberry Sams

-NOTE#4: There were four (4) different deeds completed during this day. There is some kind of association between these four (4) different deeds. Possibly because of a deceased family member. Unknown at this time.

-NOTE#5: (Item 14 and 15) have something to do with one another and the association between the "T-bond" and the deeds of these two (2) items do have some hidden meaning. The names of these people who were involved in (item 14 and 15) are not the same people who are mentioned in (item 11), with exception to Susanna Sams. Susanna Sams mentioned in (Item #11) could be the same person mentioned in (Item 14 & 15). What makes me think that the people mentioned in (item 11, 14, 15) are some how related, and that these land transactions are probably from the original land that was once owned by Abel Edwards is because Littleberry Sams on October 6, 1838 sold four (4) 31 acre plots to four (4) different people which equal a total of 124 acres, and on February 21, 1825 Littleberry Sams sold 29 1/4 acres which puts the total of 153 acres that Littleberry Sams sold from the original 160 acres which he purchased from his father in law, my 5th great grandfather Abel Edwards.

This is under the assumption that the multiple deeds in question are from the original land purchase from Abel Edwards.

-NOTE#6: The earliest land transaction that Littleberry Sams was involved in was the transaction with his father in law Abel Edwards, which he purchased 160 acres. There are only 7 missing acres from the original 160.

-NOTE#7: In note 6 there is mentioned 7 missing acres from the original 160 which Abel Edwards sold to Littleberry Sams. On February 21, 1825 An Obadiah Sams bought 7 acres of land from Abraham Vandevender on the Holston River. Ironically Littleberry Sams ended up selling to an Obadiah Sams 29 1/4 acres on the same day as O. Sams bought 7 acres from A. Vandevender. Could this be some how the missing 7 acres of land and again why are all of these deeds going on at the same time?

I believe that this is very likely the missing 7 acres missing from the total of 160 acres that Littleberry Sams purchased from Abel Edwards in 1807.

-NOTE#8: Obediah Sams Sr. on September 29, 1854 bought land from Edmond Carrier, 31 acres. This 31 acres is probably one of the three 31 acre parcels that Edmond Carrier purchased

(see item 14-15) from three different people in 1849.

-NOTE#9: After 1854 (see item 16) there is not another mention of 31 acres parcels sold or conveyed in any other manner. The owners of the 31 acre parcels possibly willed the land to family, or there was some other type of distribution of the acreage. Another possibility is the families who owned the 31 acre parcels left the land and no one bought the land after they left.

-NOTE#10: Littleberry Sams isn't mentioned anywhere in Sullivan County Tennessee after October 6, 1838, (see Item 12).

Questions:

1. What happened to Littleberry Sams 31 acres which he purchased from Wilson Sams?
2. Who did Wilson Sams purchase his 31 acres from?
3. Why did he sell his 31 acres to Littleberry Sams on the same day that he sold his (4) pieces of land of 31 acres each?

I believe in the possible reason why Abel Edwards who married Polly Potts can't be found in revolutionary war records, and pension files is because he went by the different name of "JOHN EDWARDS". This can be supported by the numerous accounts of submissions from distant cousins passed down history concerning the person who married Polly Potts was a "John and a Thomas Edwards".

There is a possibility that the Abel Edwards mentioned in the Edwards Bible is the Abel Edwards who married Polly Potts. The specific portion of this page that I am interested in is the following, "Abel Edwards departed this life on October 6th, 18??, aged ??".{refer to pg.132}

There are "nine" individual "Abel Edwards" mentioned in family records descended from Abel Edwards and Polly Potts including Abel Edwards who married Polly Potts. There is not one Abel Edwards that died in the month of October through my records but the Edwards Bible states that an Abel Edwards died in the month of October.{refer to pg.132}

There is also a mention of an "ABELL" Edwards as a member of the Holston Baptist Church, pastored by Joshua Edwards, son to Abel Edwards and Polly Potts. This could very well be the Abel Edwards mentioned in the Edwards Bible Records, and also our Abel Edwards which married Polly Potts.{refer to pg.132}

This book goes into much detail concerning the Sams which married into our Edwards family numerous times. The husband to Nancy Edwards was named Littlebury Sams and he was one of the origional three individuals which purchased a portion of the origional land from Abel Edwards and Polly Potts. Between 1830-1850 Littlebury and Nancy Sams left Sullivan County Tennessee. According to the book "Sams of Virginia" they have a Littlebury Sams marrying a "Martha Edwards" not a Nancy Edwards. It is unproven that the Martha Edwards is our Nancy Edwards which was the daughter of Abel Edwards and Polly Potts, and also which is mentioned in the Edwards Bible. I believe it a very good possibility that the Martha Edwards is Nancy Edwards, daughter to Abel Edwards and Polly Potts. It is also said in the book Sams of Virginia that around 1850 Littlebury and family left for Carter County Tennessee which is where the Edwards came after leaving Virginia and before Abel Edwards and Pollv Potts settled in Sullivan County Tennessee. With all of the names and histories that I have worked with throughout these years of researching I find my Fourth Great Grandfather

Joshua Edwards the most interesting and intriguing. I guess I am slightly biased because Joshua Edwards is of my direct line, but for the most part I feel most interested in his life because he wasn't the average farmer like most of my/our other direct line ancestors and their descendants.

In the book, "SKETCHES OF TENNESSEE'S PIONEER BAPTIST PREACHERS" it was written, "He(Joshua Edwards) was chiefly instrumental in building a house of worship for this newly constituted church(Holston Baptist Church), holding church services in his own house till the meeting-house was ready for use."

From most of the known records, Joshua Edwards was a man who pursued religion through out his whole life.

Martha Fleming has a death date of 5 July 1886. I also have a death date
of 4 July 1882. This needs checking on. Which death date is correct??
The "Edwards Heirs" has a married record in Logan County, Illinois in
1837.

LDS Church record

I have two different wives for the 2nd wife of John Marshall Edwards.
Both sources agree that the first wife was Martha Vandeventer, but the
second one is the problem. Mrs. L.L. Edwards has as a second wife Orra

Sams Vandenter who he married in 1848. Orra died in 1885. She also has children listed for both wives. Mrs. Donald Smith writes that John Edwards' second wife was Hannah Morrow and that Marie Lucinda was their only child as far as she knew. Marie was born in 1847. I wonder if he had three wives, and Hannah Morrow died after the birth od Marie, and he married for a third time Orra Sams Vandenter. Questions !!

Mrs. L.L. Edwards has the following children by Orra Sams Vandeventer: Francis Marian, born 21 July 1849; Sarah Lucinda, born 4 Feb. 1851; Lucien Levasa, born 2 May 1854, And Samuel E. born 14 May 1858.

She came to Hartford, Kansas around 1880, after her husband, James Braucher died in Illinois in 1879. Have birth date of Dec 7, 1817. Her obituary says he died in 1884. According to her obituary she died at the home of her daughter, Mrs. Frank Jefferson. She was born in Carter Co. Tennessee, and lived there with her parents until she was about seven years old, at which time the family moved to Illinois. In the year 1840 she was married to James Braucher of Logan County, Illinois. They resided here until his death in 1884, when she moved with her family to Kansas and settled on Eagle creek purchasing the farm now owned by Ellen O'Donnell. She afterwards purchased a farm on Four Mile Creek, where she resided for a number of years, and then moved to this city. About three years ago she brok up housekeeping and up to the time of her demise had been makaing her home with her daughter, Mrs. Jefferson. She had been a member of the Christian Church for a great number of years, having united with the same in Illinois, in her early girlhood. She was laid to rest beside her eldest son who preceded her to the spirit world about 12 years ago".

Robert Hall has her born 9 Dec 1818 in Carter county Tennessee, and has her moving with her family to Logan County Illinois in 1830, and moved to Kansas in 1879 .

Buried in Braucher Cemetary, in Logan County, Lincoln, Illinois (Broadwell Township). I originally had him born in Logan, Co., Illinois, but records from Braucher records from Lyon Co. Historical Society says "Ohio". According to Jo Carlson, James Braucher lived in Lincoln Ill., after returning from the Mexican War, returned to Lincoln, Ill. and is buried in what was known as the Braucher Cemetary (which is now called the Miller Cemetary). This cemetery was obviously part of the Braucher farm originally and is located on the bank of a creek about a half mile walk from the closest county road. Another record states that James Braucher was a " farmer (sec.23); P.O. Mt. Pulaski: rep; a Christian'

born in Illinois"

Have note that his land was the first place in this county in which coal was found (Logan Co. Illinois)

According to Robert L. Hall James Braucher moved to Logan County, Illinois in 1838, arriving there from Highland County, Ohio with his mother, Nancy Earl Braucher and brother, Frederick Braucher. He owned a 960 acre farm located four miles south of Lincoln.

*INFO GATHERED IS ACCURATE
GATHERED FROM OFFICIAL RECORDS

*THE FOLLOWING IS HOW I DETERMINED OWEN EDWARDS TO BE THE SON OF JOSHUA EDWARDS BORN 1781.

1. OWEN EDWARDS, ACCORDING TO HIS HEADSTONE IN THE DRAKESVILLE CEM. DAVIS CO.

IOWA, STATES THE FOLLOWING: BORN:1805/DIED:1875
(NOT SAME DATE BORN AS BIBLE RECORDS BUT OWEN BEING BURIED NEXT TO ABEL

IS GOOD ENOUGH PROOF).(REFER TO #2)(REFER TO #3)
2. BURIED NEXT TO HIM IS ABEL EDWARDS BORN:1809(REFER TO #2 &3)
3. REFERRING TO THE "EDWARDS FAMILY BIBLE" UNDER JOSHUA EDWARDS BORN: 1781 IT

IS STATED IN A HANDWRITTEN ACCOUNT THAT JOSHUA EDWARDS HAD TWO SON'S

A. OWEN EDWARDS BORN:1806

B. ABEL EDWARDS BORN:1809
THIS IN MY OPINION IS LEGITIMATE PROOF THAT OWEN AND ABEL EDWARDS
ARE THE
SAME SONS MENTIONED IN THE "EDWARDS FAMILY BIBLE".

(note: source #2 philander reeder diaries owned by ruth sigler, descendant of Owen Edwards b. 1806)

AUTHORS NOTE: I believe this date may be incorrect because the cemetery records for Davis Co. Ia. state that death date is 1873 vice 1875. The dates on Owen Edwards headstone are not legible.

As far as his personality or specifically how he made his living during his life, like most of the people mentioned in this volume we will never really know, we must speculate.

The federal Census's of Tennessee and Iowa state that he was a farmer. There is mention of Owen Edwards in the {2} Philander Reeder Diaries which state a visit by "Owen Edwards with three other old baptists". This entry in the before said diaries imply the possibility that during his early, middle, or later life or possibly during his whole life he was involved in the Baptist church like his father Joshua Edwards, to what

extent, again there is only speculation. Does this mean that he was a preacher, or deacon? At this time there is no proof of this, but with the mention of Owen Edwards in the {2}Philander Reeder Diaries with three other "old baptists", and knowing that his father was a baptist preacher this makes it very probable.
